GETTING STARTED
If you see video feeds but hear nothing: Press the Mute button.
If you see the TV screen saver: Turn the Volume button.
If the document camera is off: Switch it on, then press the Refresh button.
If the TV is black: Press the power button on the computer under the table.

CONTROLLING THE DDS
Turn the Volume button to control the sound level of the speaker.
Press the Mute button to mute or unmute the speaker.
Press the Refresh button to close and restart the video window.

SHARING A SCREEN
Start a web browser on the computer you want to share.
Go to appear.in/liu-dds and click Share screen.

ENDING A SESSION
Press the Mute button to silence the DDS station.

SOLVING PROBLEMS
1. Press the Mute button.
2. Press the Refresh button.
3. If that doesn’t help, restart the computer using its power button.
4. If all else fails, contact helpdesk@student.liu.se (+46 13 28 5898), mention DDS and state which studio you’re in.
